

Godfrey Stevens

Long Distance Pigeons

Auction

Sunday 16th February 2025

Viewing From: 10.00 am Sale begins: 12.00

VHA Headquarters: 29 Business Park Drive Notting Hill 3168

BBQ provided by Steve Gazzola Meadow One Loft Race .

Canteen also open.

A once in a lifetime opportunity to purchase birds from this outstanding family of long distance pigeons of the late Godfrey Stevens, developed over 65 years of continuous flying in the Victorian Homing Association.

Interested flyers unable to attend must organise someone to purchase birds and arrange transport. Cash and EFT will be available. Full pedigrees on Pens.

Catalogue will be available on the VHA website & Facebook

The sad passing of Godfrey Stevens saw the last of the original promoters of long distance racing in Melbourne. Along with Doug Ince and John Yates the origin and development of the Doug Ince strain of birds will be continued but not with the same zest and drive to achieve a genuine development of a strain of distance birds. An overview of the performance of this strain of pigeons is that by the end of 2023, this family had won 1st place in over a hundred Open and Federation races and thousands of open Federation Positions. The basis of this great family was a blending of the old Harrison, family with the Putman, Jurion Delaney, Weilman and Lang Millar. Godfrey Stevens bought out most of Doug's stock in the 70's and almost overnight turned in some fantastic performances. In the later years he also introduced some of the imported strains as a cross but always kept the majority of his stock pigeons without any crosses. He has dominated distance racing in Melbourne for over 50 years and with his resources has developed the family to a new level. In his 1988 reduction sale catalogue Godfrey quoted a famous pigeon fancier Dr Tressider

It is distance that counts in the production of a strain not first prizes from short races. Distance is the true test

“Distance isn't everything it is the only thing” is the thought in our minds when selecting birds for stock

Unlike the current modern trend this was the ethos of pigeon racing for Godfrey. While flying with the Victorian Homing Association he won 3 x 400m races, 5 x 500 mile races including 3 on the drop in one race, 4 x 600 mile races including 4 on the drop in one race. Remember in the early 80's and 90's there were over 3000-6000 pigeons in these races. His passion however for the 700 mile races was legendary. He was supremely successful with 8 x 1st 700 miles, 9 x 2nd 700miles, 5 x 3rd 700 miles and many more other placings.

Godfrey was also a major sponsor of the VHA and this generosity took the form of providing additional prizemoney for the 500 and 600 mile races. Later in his career he was also very generous in gifting birds to multiple fanciers around Australia which he continued to do until his passing.

This sale includes all the race birds left after the 500 mile race as well as about 40 pair of his stock birds.
